

ASSEMBLY INSTRUCTIONS

**GRAYSON
ELECTRIC RECLINER
ARMCHAIR**

Grayson Power Motion Chair

Please follow these instructions carefully in order to ensure your new sofa is assembled in the correct manner.

Please do not use a sharp implement when unpacking your furniture as this may damage the fabric.

Please note that any creases in the fabric are as a result of the packaging and are perfectly normal. These will diminish over the first few weeks of use at room temperature.

STEP 1

Remove the chair back main cushion (x1), back end supports (x2) and transformer from the sofa.

STEP 2

Ensure the connecting clips are aligned and then (with a person at each end) lower the back section into the base applying firm pressure until you hear a 'click' and the back is secure.

STEP 3

Assemble the back end supports to the back cushion at either side.

STEP 4

Attach the fabric cover at the back, to the velcro strip to secure.

STEP 5

Connect the cable from the chair into the transformer provided and plug into standard mains socket.

STEP 6

Press the front button to recline your furniture.

STEP 7

Press the rear button to return to the upright position.

Please do not sit on the foot rest!
